

UNIQA Insurance Group AG

23rd Annual General Meeting on 23 May 2022

Resolutions proposed by the Supervisory Board

1. Item 1 of the Agenda

Presentation of the approved and officially adopted Non-consolidated Financial Statements and the Consolidated Financial Statements of UNIQA Insurance Group AG for the year ended 31 December 2021, the Management Report and the Group Management Report, the Consolidated Corporate Governance Report of the Management Board, the separate Consolidated Non-financial Report of the Management Board, and the profit distribution proposal of the Management Board together with the report of the Supervisory Board for the 2021 financial year pursuant to Section 96 of the Stock Corporation Act

No motion or resolution to be adopted in respect of this agenda item.

2. Item 2 of the Agenda

Resolution on the appropriation of the net profit shown in the Company's Annual Financial Statements for the year ended 31 December 2021

Pursuant to Section 108 (1) of the Stock Corporation Act, the Supervisory Board of the Company proposes that the Annual General Meeting adopt the following resolution:

"The net profit for the 2021 financial year in the amount of EUR 171,031,286.15 shall be appropriated as follows: Distribution of a dividend of EUR 0.55 for each no-par-value share carrying dividend rights (309,000,000 no-par-value shares in circulation as of 31 December 2021, less treasury shares held directly by the Company on the day the resolution is adopted), representing a share of EUR 1.00 each in the share capital. The residual amount shall be carried forward to new account."

3. Item 3 of the Agenda

Resolution on the approval of the actions of the members of the Management Board and the Supervisory Board of the Company for the fiscal year 2021

Pursuant to Section 108 (1) of the Stock Corporation Act, the Supervisory Board of the Company proposes that the Annual General Meeting adopt the following resolution:

"The actions of the members of the Management Board of the Company (in the 2021 financial year) shall be approved for the 2021 financial year."

Pursuant to Section 108 (1) of the Stock Corporation Act, the Supervisory Board of the Company further proposes that the Annual General Meeting adopt the following resolution:

"The actions of the members of the Supervisory Board of the Company (in the 2021 financial year) shall be approved for the 2021 financial year."

4. Item 4 of the Agenda

Election of the auditor of the Non-consolidated and Consolidated Financial Statements for the 2023 financial year

The Audit Committee of the Supervisory Board recommended to the Supervisory Board that PwC Wirtschaftsprüfung GmbH be elected auditor of the non-consolidated and consolidated financial statements for the year ending 31 December 2023. The auditor proposed for election provided the information specified in Section 270 of the Austrian Company Code and Rule 80 of the Corporate Governance Code, confirming its authority to audit a stock corporation and the absence of reasons for exclusion. It provided a statement of the total fee received from the Company in the previous financial year, broken down by type of service, confirmed that it participates in the external quality assurance system established on the basis of the Auditor Oversight Act (including its registration in the public register of the Auditor Oversight Authority), and disclosed and documented all circumstances which could give rise to a concern of bias or lead to exclusion (such circumstances do not exist), and has taken all the necessary measures to ensure an independent and unbiased audit. PwC Wirtschaftsprüfung GmbH audited the non-consolidated and consolidated annual financial statements of UNIQA Insurance Group AG for the first time for the year ended on 31 December 2013. The Audit Committee submitted its proposal for the election of the auditor for the 2023 financial year after a public tender process (pursuant to Section 270a point 1 of the Austrian Company Code).

Based on the proposal of the Audit Committee of the Supervisory Board, the Supervisory Board of the Company proposes pursuant to Section 108 (1) of the Stock Corporation Act that the Annual General Meeting adopt the following resolution:

"PwC Wirtschaftsprüfung GmbH shall be elected auditor of the Non-consolidated and Consolidated Financial Statements for the year ending 31 December 2023."

5. Item 5 of the Agenda

Resolution on the Remuneration Report indicating the remuneration of the Management Board and the Supervisory Board for the 2021 financial year

The Management Board and the Supervisory Board of a listed company have to draw up a clear and comprehensible remuneration report indicating the remuneration of the members of the Management Board and the Supervisory Board pursuant to Section 78c and Section 98a of the Stock Corporation Act.

The remuneration report for the last financial year is to be submitted to a vote by the Annual General Meeting. The vote is deemed to be a recommendation. The resolution cannot be challenged (Section. 78d (1) of the Stock Corporation Act).

On 7 April 2022, the Management Board and the Supervisory Board of the Company adopted the Remuneration Report for the 2021 financial year. The Remuneration Report is available on the website of the Company, as entered in the Companies Register (and attached to this proposed resolution).

The Supervisory Board of the Company proposes pursuant to Section 108 (1) of the Stock Corporation Act that the Annual General Meeting adopt the following resolution:

“The Remuneration Report indicating the remuneration of the Managing Board and the Supervisory Board for the 2021 financial year, as attached to this proposed resolution as Enclosure 1 (and available on the website of the Company entered in the Companies Register), shall be adopted.”

6. Item 6 of the Agenda

Resolution on the daily allowances and the remuneration of the members of the Supervisory Board

The Supervisory Board of the Company proposes pursuant to Section 108 (1) of the Stock Corporation Act that the Annual General Meeting adopt the following resolution:

“The remuneration of the members of the Supervisory Board shall amount to a total of EUR 835,000.00 for the 2021 financial year. The distribution among the individual members of the Supervisory Board is subject to a resolution by the Supervisory Board. The daily allowances for members of the Supervisory Board shall be set a EUR 500.00 per meeting and per participating member of the Supervisory Board.”

7. Item 7 of the Agenda

Election of a member of the Supervisory Board

Mr. Martin Grüll announced his intention to step down from his position as a member of the Supervisory Board of the Company effective as of the end of the 23rd Annual General Meeting of the Company on 23 May 2023.

The Supervisory Board presently consists of ten members elected by the Annual General Meeting. The number of members elected by the Annual General Meeting is to remain unchanged. On account of the termination of Mr. Martin Grüll’s Supervisory

Board mandate, one member has to be newly elected to the Supervisory Board in order to again attain the number of ten members of the Supervisory Board elected by the Annual General Meeting.

Pursuant to Section 86 (7) of the Stock Corporation Act, the supervisory board of a listed company has to comprise at least 30% women and at least 30% men, if the supervisory board consists of at least six capital representatives and the workforce consists of least 20% employees. These prerequisites are met by UNIQA Insurance Group AG. Based on its current composition, the Supervisory Board has to comprise at least five women and at least five men (calculated on the basis of fifteen Supervisory Board members, i.e. ten capital representatives and five employee representatives) in order to meet the minimum quotas required pursuant to Section 86 (7) of the Stock Corporation Act. In this election to the Supervisory Board, the minimum quotas of women and men on the Supervisory Board must be met in their entirety. An objection to full compliance with the minimum quotas pursuant to Section 87 (9) of the Stock Corporation Act was not expressed. At present, the minimum quotas are fulfilled. The Supervisory Board of the Company comprises five women and ten men. The candidate proposed for election to the Supervisory Board is a man (to replace a man resigning from the Supervisory Board), so that in the event of the candidate's election, the Supervisory Board of UNIQA Insurance Group AG would consist of five women and ten men, thus comprising at least 30% each of women and men.

The candidate proposed for election to the Supervisory Board has been selected in compliance with the requirements of the Corporate Governance Code. The principles set out in Section 87 (2a) of the Stock Corporation Act, in particular the requirement of professional and personal qualification, a balanced composition of the Supervisory Board in terms of expertise represented, diversity, internationality and a clean criminal record, have been complied with. The candidate proposed for election, i.e. Mr. Klaus Buchleitner (see below), submitted the declaration required pursuant to Section 87 (2) of the Stock Corporation Act, listing his professional qualifications as well as professional or similar positions held and stating that there are no circumstances that might give rise to a concern of bias. The respective declaration pursuant to Section 87 (2) of the Stock Corporation Act herewith referred to has been published on the website of the Company and is annexed to this proposed resolution (proposal for election) as Enclosure ./2. Furthermore, the candidate confirmed his knowledge of the provisions of the Austrian Stock Exchange Act, the Market Abuse Regulation (Regulation (EU) No 596/2014) and UNIQA's internal compliance policy to prevent market abuse, and stated his willingness to comply with the principles of the Corporate Governance Code acknowledged by the Company. In line with the criteria of independence laid down by the Supervisory Board, the candidate declared to be independent. The curriculum vitae of the candidate proposed has been published on the website of the Company.

The Annual General Meeting is bound by the proposal for election on the basis of the provisions referred to in the following. The candidate proposed by the Supervisory Board for election to the Supervisory Board, including his declaration pursuant to Section 87 (2) of the Stock Corporation Act, must be published and made accessible on the website of the Company on or before the 21st day prior the Annual General Meeting, i.e. no later than 2 May 2022. Candidacies proposed by shareholders pursuant to Section 110 of the Stock Corporation Act, which must be received by the Company in text form no later than 12 May 2022, including the declarations pursuant to

Section 87 (2) of the Stock Corporation Act for each person proposed, have to be published on the Company's website no later than two working days after receipt (with the exceptions provided for in Section 110 (4) of the Stock Corporation Act). Pursuant to Section 87 (6) of the Stock Corporation Act, candidacies for election to the Supervisory Board, including the declarations pursuant to Section 87 (2) of the Stock Corporation Act for each person proposed, have to be published on the Company's website no later than on the fifth working day prior to the Annual General Meeting, failing which the person(s) concerned must not be included in the vote. Further details and the prerequisites for such candidacies proposed by shareholders to be taken into account are contained in the convocation to the 23rd Annual General Meeting (reference to shareholder rights pursuant to Section 106 (5) of the Stock Corporation Act) and the document on *Further information on shareholder rights pursuant to Sections 109, 110, 118 and 119 of the Stock Corporation Act*.

Pursuant to Section 108 (1) and (2) of the Stock Corporation Act and considering Section 86 (7) and (9) and Section 87 (2) and (2a) of the Stock Corporation Act, the Supervisory Board of the Company proposes that the Annual General Meeting adopt the following resolution:

“Mr. Klaus Buchleitner, born on 21 January 1964 shall be elected member of the Supervisory Board.

The election shall be effective as of the end of the 23rd Annual General Meeting for a term of office until the end of the Annual General Meeting resolving on the approval of the actions of the Management Board and the Supervisory Board for the 2022 financial year. As the current number of ten members of the Supervisory Board elected by the Annual General Meeting of the Company is to remain unchanged, the termination of the Supervisory Board mandate held by Mr. Martin Grüll requires that a new member be elected to the Supervisory Board in order to again attain the number of ten members elected by the Annual General Meeting.”

Part A – Remuneration Report 2021 of the Management Board

1 Introduction

1.1 General information

The remuneration policy of UNIQA Insurance Group AG (“UNIQA” or the “company”), which was drawn up for the first time by the Supervisory Board on 15 April 2020, was submitted to the 21st Annual General Meeting on 25 May 2020 for a vote and was approved by a majority of 99.82 per cent of the capital represented.

The remuneration policy, together with the date and outcome of the vote, was published on the company’s website that is registered with the Companies Register.

The appointed Committee of the Supervisory Board for Board Affairs, which consists of the same individuals in its function as the Remuneration Committee, reviewed the applicable remuneration policy and approved it in the existing version.

In accordance with Section 78c of the Austrian Stock Corporation Act (AktG) and the provisions of the Austrian Code of Corporate Governance (ÖCGK) as amended in January 2021 (ÖCGK 2021), the Management Board and the Supervisory Board prepared the present Remuneration Report 2021 of the members of the Management Board on 7 April 2022 after preliminary discussions with the appointed Committee of the Supervisory Board for Board Affairs whose members are identical with the Remuneration Committee, and decided to submit it for voting at the 23rd Annual General Meeting to be held on 23 May 2022.

The vote can be considered a recommendation. The decision is not contestable.

The Remuneration Report 2020 was approved at the 22nd Annual General Meeting on 31 May 2021 with a majority of 99.24 per cent of the valid votes cast (not including abstentions), with 73.41 per cent of the share capital represented in the vote. There were no requests from shareholders to speak on the Remuneration Report. Due to the high level of acceptance of the Remuneration Report by the shareholders, there was no need to take the voting result into consideration with regard to the Remuneration Report of the 2021 reporting year.

If necessary, the Remuneration Report for the 2022 financial year must state how the outcome of the vote of the 23rd Annual General Meeting on 23 May 2022 on the 2021 Remuneration Report was taken into account.

1.2 Annual change in the company’s economic performance

The following key figures and their respective changes for each year are presented in the Annex. Reference is also made to the extensive publications on the UNIQA Insurance Group AG website.

1.3 The scope of the report

This Remuneration Report, which has been prepared in accordance with the requirements of Section 78c of the Austrian Stock Corporation Act and L-Rule 29a of the Austrian Code of Corporate Governance 2021, is intended to provide a comprehensive overview of the remuneration granted or owed to current and former members of the Management Board in the course of the 2021 financial year as part of the remuneration policy, including all benefits in any form.

According to Section 78c of the Austrian Stock Corporation Act, so far as applicable, the Remuneration Report must include the following information on the remuneration of the

individual members of the Management Board:

- the total remuneration divided into components, the relative proportions of fixed and variable remuneration components and an explanation of how the total remuneration is consistent with the remuneration policy, including information on how the total remuneration supports the long-term performance of the company and how the performance criteria have been applied;
- the annual change in total compensation, the company's economic performance and the average compensation of the company's other employees on a full-time equivalent basis, for at least the last five financial years and in a manner that permits comparison;
- any remuneration from affiliated companies (Section 189a No. 8 of the Austrian Commercial Code);
- *[the number of shares and stock options granted or offered and the principal terms and conditions of exercise of the rights, including the exercise price, the exercise date and any changes to those terms and conditions;] – not applicable*
- information on whether and how the option to reclaim variable remuneration components was applied;
- *[information on any deviations from the procedure for implementing the remuneration policy pursuant to Section 78a(2) to (7) and on any deviations practised pursuant to Section 78a(8), including an explanation of the nature of the exceptional circumstances and a statement of the specific parts from which deviations have been made.] – not applicable*

2 Remuneration components in the 2021 financial year

2.1 General information

Remuneration to the members of the Management Board was granted in the 2021 financial year on the basis of an established remuneration policy. The remuneration granted promotes the long-term performance of the company. The performance criteria were determined and applied on the basis of the remuneration policy.

The members of the Management Board received fixed (non-profit related) remuneration in the 2021 financial year and the down payment (40 per cent) of the 2017 short-term incentive was also disbursed. Finally, the 2017 tranche of the long-term incentive was paid out.

For the 2020 financial year, the plan for the short-term incentive was cancelled due to the high uncertainties regarding the macroeconomic and financial impact caused by the Covid-19 pandemic, therefore no payment on account was made in the 2021 financial year.

For the 2021 financial year, a long-term incentive as a multi-year share-based remuneration component was again set (2021 tranche).

The total remuneration of the members of the Management Board was commensurate with the tasks and performance of the individual Management Board member, the situation of the company and the practices of the market, and set long-term conduct incentives for sustainable corporate development. In particular, the target values of the short-term incentive, which was set again in 2021, and the open tranches 2018 to 2021 of the long-term incentive were in line with the business strategy of UNIQA Insurance Group AG in that they refer to key figures that are critical for UNIQA's strategic and long-term development.

Peer reviews of comparable companies conducted from time to time confirmed the appropriateness of the remuneration paid to the Management Board. The target achievement parameters of the short-term incentive made allowances for a sustainable corporate development, taking into consideration figures from the strategic medium-term planning, but also the individual departmental responsibilities. The net operating profit indicator (see Point 2.5.1) ensures that an overall company target must be achieved as a basic condition for disbursements from the short-term incentive. A "sustainability test" also takes into account the medium-term development of the Group's solvency ratio. For example, underperformance may result in a reduction of the deferred component of the short-term incentive over the "vesting period" of three years. In the four-year performance period of the individual tranches of the long-term incentive, capital market-specific parameters are taken into account, as well as the solvency development and the earnings power of the non-life insurance segment.

The ratio of fixed income, which was set in line with the market, and the variable remuneration from the short-term incentive and long-term incentive was appropriate and ensured that there was no incentive to achieve only (short-term) bonuses.

The Management Board of UNIQA Insurance Group AG consists of nine persons. The Management Board of UNIQA Österreich Versicherungen AG is made up of the same individuals. The only entity paying remuneration for the members of the Management Board is UNIQA Insurance Group AG.

No separate remuneration is offered for other board functions performed by Management Board members in the Group, in particular not for the Management Board function performed by the same individuals at UNIQA Österreich Versicherungen AG. Some of the expenses of UNIQA Insurance Group AG are allocated to UNIQA Österreich Versicherungen AG based on a cost centre procedure that is in line with the market and according to the respective source.

2.2 Remuneration components

The fixed and variable remuneration granted in the 2021 financial year is described in detail below.

The individual members of the Management Board of UNIQA Insurance Group AG will receive the following remuneration in the 2021 financial year:

¹⁾ Variable remuneration comprises only the “deferred component” of the short-term incentive (STI) for the 2017 financial year. The “deferred component” of the STI makes up 40 per cent of the entitlement and is paid out after three financial years.

²⁾ This includes €93 thousand variable remuneration paid to Wolf-Christoph GERLACH for his role on the Management Board at UNIQA Biztosító Zrt, Budapest, which ended at the end of 2019.

³⁾ Additional termination benefit entitlements of €2,513 thousand (resignations of Hannes BOGNER and Thomas MÜNDEL as at 31 May 2016).

Peter HUMER was not included in the long-term incentive until the 2018 financial year (2018 tranche), Wolf-Christoph GERLACH and René KNAPP not until the 2020 financial year (2020 tranche). Only for René KNAPP was a “deferred component” provided for in the short-term incentive (STI) of the 2017 financial year in his function before he was appointed to the Management Board.

The fixed salary components included remuneration in kind equivalent to €103 thousand (2020: €110 thousand) for company flats provided to individual members of the Management Board and for company cars provided for use (including private use).

The fixed income shown in brackets and in italics in the column “Fixed remuneration” has been defined according to the reference system set out by the Remuneration Committee and described in the remuneration policy. The range of fixed income in accordance with the remuneration policy is between €420 thousand and €660 thousand per annum; in addition, the above-mentioned remuneration in kind amounts are not components of this range, but are reported nonetheless for the purposes of reconciliation with the notes to the annual financial statements.

If company housing has been provided (Peter HUMER, Erik LEYERS, Klaus PEKAREK and Kurt SVOBODA), the gross remuneration is reduced to the extent as if the company flat had been rented at the net cost amounting to the additional taxable amounts.

2.3 D&O liability insurance

For the members of the Supervisory Board and the Management Board, UNIQA Insurance Group AG has taken out a Directors and Officers insurance policy with another insurance company which is customary in the market. The costs are borne by UNIQA Insurance Group AG.

2.4 Company pension scheme

For the Management Board members, pension commitments exist in part through Valida Pension AG (as with the previous Management Board members), and in part pension liability insurance has been concluded with a premium of 20 per cent of the fixed annual income.

Retirement pensions, occupational disability provisions as well as survivor benefits have been agreed upon, whereby the pension entitlements are a contractual arrangement with Valida Pension AG, and the in the case of pension liability insurance, there are reinsured pension entitlements vis-à-vis UNIQA Österreich Versicherungen AG. The retirement pension (which is exclusively defined contribution in the annuitisation phase) as a general rule becomes due for payment when the beneficiary reaches his/her 65th year of life (standard retirement age according to the Austrian General Social Insurance Act – ASVG). The pension entitlement is reduced in the event of an earlier retirement, with the pension eligible for disbursement once the beneficiary reaches the age of 60. In the case of the occupational disability provision and survivor's benefits, basic amounts are provided through the pension commitments via Valida Pension AG as a minimum pension. In the case of pension liability insurance, the amount of the benefits corresponds to the annuitisation of the insurance proceeds from the pension liability insurance.

The pension amounts of the Management Board members with pension entitlements vis-à-vis Valida Pension AG are exclusively guaranteed at the time of arising (at a mark-down if the pension accrual occurs before the age of 65).

The pension scheme at Valida Pension AG is funded by the company for the duration of the mandate through regular premium payments for the individual Management Board members; for the pension liability insurance, the company makes premium payments to UNIQA Österreich Versicherungen AG in accordance with a standard pension tariff during the term of the Management Board mandate.

In the case of pension commitments via Valida Pension AG, compensation payments are incurred to guarantee the pension amount at the point in time of arising if members of the Management Board resign before reaching 65 years of age (calculated duration of premium payments to avoid over-financing).

In addition to the remuneration of the members of the Management Board listed under 2.2, €1,059 thousand was paid for pension commitments via Valida Pension AG and for pension liability insurance with UNIQA Österreich Versicherungen AG (see Footnote ¹) to the following table).

¹⁾ The pension contributions made for Wolf-Christoph GERLACH, Peter HUMER and René KNAPP (shown individually in 2021 and included in the total for 2020) relate to reinsurance policies, whereby €184 thousand of the total amount shown for 2020 was not paid until 2021 and was not taken into account in the individual statements for 2021 for reasons of comparability.

²⁾ Additional compensation of €2,513 thousand (resignations of Hannes BOGNER and Thomas MÜNDEL as at 31 May 2016).

The amount expended on pensions in the year under review for former members of the Management Board and their survivors was €2,043 thousand (2020: €2,084 thousand).

2.5 Variable remuneration components

2.5.1 Short-term incentive

A short-term incentive is offered in which, when defined targets are met, variable remuneration is made for the financial year based on the respective earnings situation and the specified individual objectives. The short-term incentive is capped at the amount of the annual fixed income. The variable remuneration is paid partly in the following year (60 per cent) and partly (40 per cent as a deferred component) after three years.

The short-term incentive consists of an annual target bonus and an individual target bonus. The annual target bonus is based on group targets and regional targets, the individual target bonus on qualitative and quantitative criteria.

The target achievement parameters (target values and calibration of target achievement) for the annual target bonus and the individual target bonus are determined by the Supervisory Board's Committee for Board Affairs, which consists of the same individuals as the Remuneration Committee.

The annual target bonus is weighted at approximately two-thirds of the total bonus, the individual target bonus at approximately one-third.

Of central importance for the short-term incentive is the target value “Group net operating profit before financial costs and goodwill” (NOP) in the context of the annual target bonus. If the NOP target achievement factor is less than 80 per cent, the annual bonus is forfeited in its entirety. If the target achievement factor is below 75 per cent, the individual bonus is also forfeited, in addition to the annual bonus.

The target achievement parameters are defined for the individual members of the Management Board on a department-specific basis or are contingent upon the specific activities and tasks.

In light of the uncertainties arising from the Covid-19 pandemic, no short-term incentive was offered to members of Management Board for the 2020 financial year.

In 2021, therefore, only the deferred amount of the short-term incentive from 2017 in the amount of €806 thousand was paid out under the title of short-term incentive.

For the 2021 financial year, a short-term incentive was again set. In the 2021 financial statements, provisions were made for anticipated payments of €3,822 thousand in the years 2022 and 2025.

From the short-term incentive for the 2018 financial year, deferred payments of €909 thousand are expected to be paid out in 2022.

From the short-term incentive for the 2019 financial year, the pay-out for the deferred component is expected to be €795 thousand in 2023.

2.5.2 Multi-year share-based remuneration (long-term incentive)

Alongside to the short-term incentive, a long-term incentive is offered as a share-based payment arrangement with cash settlement; it provides for one-off payments contingent upon defined target achievement parameters based on annual virtual investment amounts (allocation values) in UNIQA shares after a term of four years (performance period) in each case.

The allocation values correspond to 50 per cent of the respective annual fixed income.

The number of virtual UNIQA shares is determined from the allocation values at the average price of the UNIQA share in the half-year before the start of the performance period. The one-off payments are based on the average price of the UNIQA share in the last half-year of the performance period and the target achievement calculated as a percentage.

Target achievement parameters include the total shareholder return (TSR) of UNIQA shares compared with the average TSR of the shares in the companies on the DJ EURO STOXX TMI Insurance, the P&C Net Combined Ratio and the return on risk capital. The target achievement parameters are equally weighted. The target achievement parameters are weighted with one third each.

The target achievement parameters on which the long-term incentive is based must be adjusted from 2023 due to the new IFRS 9 and IFRS 17 standards. This affects the 2020 to 2023 and 2021 to 2024 tranches of the long-term incentive, which extend into 2023 and have already been set.

The target values and target calibration are set by the Committee for Board Affairs, which

consists of the same individuals as the appointed Remuneration Committee.

The one-off payments are limited to 200 per cent of the average target achievement in relation to the number of virtual UNIQA shares. If the target is achieved by less than 50 per cent, no payment is made.

The long-term incentive is paired with a self-investment obligation of the Management Board members in UNIQA shares that is equivalent to 10 per cent of the annual allocation value. The shares must be held over the performance period for the respective tranche of the long-term incentive.

In the 2021 financial year, the members of the Management Board received payments from the 2017 tranche of the long-term incentive, as described in section 2.2. The overall target achievement rate was 82 per cent.

The allocation values and the number of virtual shares allocated based on the average price of UNIQA shares in the second half of 2020 for the 2021 tranche are as follows:

Average price €5.67	Allocation values In € thousand	Number of virtual shares
Andreas BRANDSTETTER	330	58,202
Peter EICHLER	225	39,683
Wolf-Christoph GERLACH	225	39,683

Wolfgang KINDL	250	44,092
René KNAPP	225	39,683

Klaus PEKAREK	250	44,092
Kurt SVOBODA	275	48,501
Total virtual shares, 2021 tranche		397,711

At 31 December 2021, a total of 1,030,580 virtual shares were relevant for future payments from the long-term incentive for the members of the Management Board.

2.5.3 Determining target achievement

In its function as the Remuneration Committee, the Committee for Board Affairs has determined the degree of target achievement for the long-term incentive, tranche 2017, on the basis of the earnings situation (i.e. after a results-based analysis) in relation to the four-year performance period up to and including the 2020 financial year, in each case applying the principles described in 2.5.2. Based on this, and taking into account the target calibration, the committee then determined the volume of the share-based remuneration component (long-term incentive).

2.5.4 Payment of variable remuneration components/possible reclaiming of variable remuneration components

The deferred amount of the 2017 short-term incentive (40 per cent) and the 2020 tranche of the long-term incentive were paid with the May 2021 remuneration.

There was no need to make use of the option to reclaim variable remuneration

components.

The total remuneration granted in the 2021 financial year, i.e. fixed income and variable remuneration components, complied with and implemented the remuneration policy.

3 Average remuneration of other employees at the company on a full-time equivalent basis

The annual average remuneration of the employees of UNIQA Insurance Group AG and UNIQA Österreich Versicherungen AG on a full-time equivalent basis (in the back office) amounted to around €64,600 in the 2020 financial year and around €64,700 in the 2021 financial year, which corresponds to an increase of 0.2 per cent.

The comparative value in 2019 was around €63,300. The increase from 2019 to 2020 of around €64,600 was 2.2 per cent.

In the opinion of the Supervisory Board's Committee for Board Affairs (which consists of the same individuals as the Remuneration Committee), the relation between this average remuneration and that of the Management Board members is adequate and in line with the market.

4 Term and termination of the contracts of the members of the Management Board

The term of the Management Board mandates is:

Andreas BRANDSTETTER	30/06/2024
Peter EICHLER	30/06/2024
Wolf-Christoph GERLACH	30/06/2023
Peter HUMER	30/06/2024
Wolfgang KINDL	30/06/2024
René KNAPP	30/06/2023
Erik LEYERS	30/06/2024
Klaus PEKAREK	31/12/2022
Kurt SVOBODA	30/06/2024

The term of the employment contracts corresponds to the term of the respective Management Board mandate. The mandates of the new members of the Management Board, René KNAPP and Wolf-Christoph GERLACH, who were appointed at UNIQA Österreich Versicherungen AG from 1 January 2020 and at UNIQA Insurance Group AG from 1 July 2020, are limited to June 2023. The mandate of Klaus PEKAREK was extended by the Supervisory Board until 31 December 2022 (previously until 30 June 2022).

Part B – Remuneration Report 2021 of the Supervisory Board

5 General information

The legal basis for the Remuneration Report for the members of the Supervisory Board of UNIQA is the relevant provisions of the Austrian Stock Corporation Act (Section 98a) and the Austrian Code of Corporate Governance 2021 (L-Rule 50).

The remuneration policy, first established by the Supervisory Board on 15 April 2020, was submitted to the 21st Annual General Meeting on 25 May 2020 for a vote and was approved by a majority of 99.82 per cent of the capital represented.

The remuneration policy, together with the date and outcome of the vote, was published on the company's website that is registered with the Companies Register.

The appointed Committee of the Supervisory Board for Board Affairs, which consists of the same individuals acting in the function of the Remuneration Committee, reviewed the applicable remuneration policy and saw no reason to revise it.

In accordance with Section 78c of the Austrian Stock Corporation Act and the provisions of the Austrian Code of Corporate Governance as amended in January 2021, the Management Board and the Supervisory Board prepared the present Remuneration Report 2021 of the members of the Supervisory Board on 7 April 2022 after preliminary discussions with the appointed Board Affairs Committee of the Supervisory Board whose members are the same individuals as the Remuneration Committee, and decided to submit it for voting at the 23rd Annual General Meeting to be held on 23 May 2022.

The vote can be considered a recommendation. The decision is not contestable.

The 2020 Remuneration Report was approved at the 22nd Annual General Meeting on 31 May 2021 with a majority of 99.24 per cent of the valid votes cast, less abstentions, with 73.41 per cent of the share capital represented in the vote. There were no requests from shareholders to speak on the Remuneration Report. Due to the high level of acceptance of the Remuneration Report by the shareholders, there was no need to take the voting result into consideration with regard to the Remuneration Report of the 2021 reporting year.

If necessary, the Remuneration Report for the 2022 financial year must state how the outcome of the vote of the 23rd Annual General Meeting on 23 May 2022 on the 2021 Remuneration Report was taken into account.

The employee representatives on the Supervisory Board performed their functions on a volunteer basis; they are entitled to reimbursement of reasonable out-of-pocket expenses (Section 110(3)(1) of the Austrian Labour Constitution Act).

There were no personnel or functional changes in the composition of the Supervisory Board or its committees in the 2021 financial year.

The proportion of female Supervisory Board members among the ten elected members amounts to the legally required 30 per cent with three women, the proportion of female Supervisory Board members among the employee representatives (five members)

amounts, with two women, to 40 per cent. In relation to the full Supervisory Board, the legal proportion of women is exceeded with a share of 33 per cent.

Parallel to establishing identical Management Boards of UNIQA Insurance Group AG and UNIQA Österreich Versicherungen AG, the same individuals were appointed as shareholders' representatives to the Supervisory Boards of both UNIQA Insurance Group AG and UNIQA Österreich Versicherungen AG.

The same individuals appointed to all committees of the Supervisory Board at the level of UNIQA Insurance Group AG are also appointed at the level of UNIQA Österreich Versicherungen AG.

The Supervisory Boards of UNIQA Insurance Group AG and UNIQA Österreich Versicherungen AG as well as their committees have been meeting in uniform sessions.

Because UNIQA Insurance Group AG and UNIQA Österreich Versicherungen AG work as one company in terms of labour law, employee representatives are delegated to the Supervisory Board and its committees exclusively at the level of UNIQA Insurance Group AG.

The members of the Supervisory Board of UNIQA Insurance Group AG who are also members of the Supervisory Board of UNIQA Österreich Versicherungen AG receive their daily allowances and remuneration exclusively from UNIQA Insurance Group AG despite their dual function. These daily allowances and remunerations therefore also cover the Supervisory Board activities at UNIQA Österreich Versicherungen AG.

6 Remuneration components

The remuneration to be paid in 2021 was approved by the Annual General Meeting on 31 May 2021 as the total remuneration for financial year 2020 in the amount of €790 thousand and consisted of a fixed annual remuneration and a daily allowance per meeting day of €500. No performance-related remuneration components are planned.

The resolution proposal of the Management Board and Supervisory Board for a total amount was based on an allocation among its members in accordance with objective criteria, with the respective amount being measured differently according to the function on the Supervisory Board (Chairman, Vice-Chairman, member) and the activity in committees. The amount of remuneration is prorated for the year of election and for the year in which the member resigns from the Supervisory Board and its committees.

For the 2021 financial year, the Management Board and Supervisory Board intend to propose the remuneration of €835 thousand to the 2022 Annual General Meeting for resolution. A corresponding provision was made in the 2021 financial statements.

Burkhard GANTENBEIN received remuneration of €10 thousand in 2021 for functions performed until 14 April 2020 on the Supervisory Board of UNIQA Österreich Versicherungen AG.

Jutta KATH received remuneration of CHF 18,000 for her work on the Board of Directors of UNIQA Re AG in 2021.

For the members of the Supervisory Board and the Management Board, UNIQA Insurance Group AG has taken out a Directors and Officers insurance policy with another insurance company which is customary in the market. The costs are borne by UNIQA Insurance Group AG.

7 Term of office of the Supervisory Board

The terms of office of the Supervisory Board members currently elected by the Annual General Meeting will expire uniformly after the Annual General Meeting that grants the discharge for the 2022 financial year.

Candidate Statement

**Sect.87 para.2 of the Stock Corporation Act
Corporate Governance Code**

I herewith state and declare that - in case I am elected to the Supervisory Board - as a person belonging to the area of confidentiality of UNIQA Insurance Group AG and as a person discharging management responsibilities (within the meaning of Art.3 para.1 point 25 of the Market Abuse Regulation (EU) No 596/2014), I acknowledge in writing the obligations arising from the legal and administrative provisions, especially the provisions of the Stock Exchange Act and the Market Abuse Regulation. The internal UNIQA policy for the prevention of market abuse has been brought to my attention. I state and declare that I am aware of the sanctions imposed in cases of insider dealings, the inducement of others to engage in insider dealings, the unlawful disclosure of inside information and market manipulation.

I state and declare for the purposes of Sect.87 para.2 of the Austrian Stock Corporation Act that I am not aware of any circumstances that could give rise to a concern of bias on my part in case of my election to the Supervisory Board.

For proof of my qualifications and for a description of my professional or similar functions, please refer to my CV.

I also state and declare my commitment to complying with the principles of the Corporate Governance Code recognized by UNIQA Insurance Group AG.

I state and declare that I am independent in accordance with the criteria of independence defined by the Supervisory Board.
